

Qualified Vendor Rosters				
Description	Start	End	Roster Type	Details
COR4172 - Recruitment Services	1-Jun-20	31-Jan-23	Closed Roster - Interested Parties are encouraged to watch SaskTenders.ca for the next Public opportunity to join this list.	The City occasionally outsources recruitment services for executive and senior management positions as well as professional positions that are deemed hard to recruit. These positions may be ones we have tried to recruit for unsuccessfully or ones we believe that a vendor will have better success due to their ability to target relevant job seekers.
COR4373 - Taxi Services for Regina Paratransit	1-Jan-19	31-Dec-21	Closed Roster - Interested Parties are encouraged to watch SaskTenders.ca for the next Public opportunity to join this list.	The City of Regina Paratransit Service (the "City") is looking to enter into agreements with multiple taxi companies to transport paratransit passengers. The trips will include both accessible and conventional taxi cabs. Taxi Company must be a licensed taxicab broker in compliance with The Taxi Bylaw, 1994, No. 9635 and the services must be provided in compliance with The Taxi Bylaw, 1994, No. 9635, The Traffic Safety Act, and all other applicable laws.
COR4950 - Consulting Services - Building Standards	1-Mar-20	28-Feb-21	Closed Roster - Two (2) additional vendors may be added. Interested Parties may apply to join the list by contacting procurement@regina.ca	The City is seeking experienced consultants who can assist the Building Standards Branch in plan review and/or inspections for building permits within the City. The City requires a consultant with the licensed capability to review and/or inspect projects under a Class 1, 2 and 3 Building Officials License as set out in the Uniform Building and Accessibility Standards Act. To be included on this roster, consultants must be able to review and approve building permit applications under the scope of a Class 1, 2 and 3 Building Officials License as set out in the Uniform Building and Accessibility Standards Act within the following timelines: 5 business days for Class 1 applications, and 8 business days for Class 2 and Class 3 applications.
COR4969 - Water and Sewer Underground Utility Maintenance Services	19-May-21	31-Dec-23	Open Framework Roster. Interested Parties may apply to join the list by contacting procurement@regina.ca	Supplier(s) will provide all necessary equipment and labour to carry out Water and Sewer Underground Utility Maintenance Services on an "as required, if required" basis according to the City's Policy. Activities may include: 1. Water Main Leak Repair; 2. Water Service Connection Leak Repair and Replacement; 3. Water Service Connection Thaw-rod installation; 4. Water Service Thawing; 5. Trench Cutting and Ground Compaction Services; 6. Hydrovac Services; 7. Plumbing Services; 8. Traffic Accommodation; and 9. Horizontal Directional Drilling.
COR4986 - Demolition & Construction Services	1-Sep-20	31-Aug-23	Closed Roster - Interested Parties are encouraged to watch SaskTenders.ca for the next Public opportunity to join this list.	The City is seeking call out lists of qualified and experienced respondents to provide labour and equipment to supplement Building Standards branch enforcement efforts. This RFSQ contains two (2) separate packages: 1) Commercial and Residential Demolitions and, 2) General Contracting. Each package will be awarded separately, and successful respondents may be included in one (1) or both prequalified supplier list.
COR5240 - Supplemental Suppliers for Bylaw Enforcement	1-Aug-20	30-Sep-23	Closed Roster - Interested Parties are encouraged to watch SaskTenders.ca for the next Public opportunity to join this list.	The City is establishing call-out lists of qualified and experienced contractors to provide labour and equipment to supplement the Bylaw Enforcement Officers enforcement efforts. There will be two (2) separate Supplemental Suppliers Lists created from this Request for Supplier Qualifications: 1. Yard Clean-ups, and 2. Graffiti Removal. Supplemental Suppliers will be called out on an "as, if and when required" basis to assist with Bylaw Enforcement efforts.
COR5243 - Land Development Engineering and Planning Services	1-Oct-21	31-May-23	Closed Roster - Interested Parties are encouraged to watch SaskTenders.ca for the next Public opportunity to join this list.	The City seeks responses to this RFSQ from engineers qualified and experienced in Land Development Engineering and Planning in order to provide preliminary technical engineering and urban planning services for the various City land assets.
COR5422 - Architect of Record Vendor Roster	1-May-21	31-Dec-23	Closed Roster - Interested Parties are encouraged to watch SaskTenders.ca for the next Public opportunity to join this list.	The City is qualifying Architects to form a QVR for Architectural Consulting services for City facilities projects. The QVR and process will remain in effect to December 31 2023, but projects that are initiated through the QVR will not have to be completed by this date. The work to be completed under this RFSQ will be limited to the City of Regina and may include Architectural Consulting services for: Crawlspace remediation and improvement projects; Industrial renovations; Recreation facility renovations; Building envelope improvements, including roofing, exterior and façade upgrades; and Interior design services for office and recreation facilities, including office, kitchen, washroom/change room renovations.
COR5563 - Tree pruning in Alleyways	14-Jul-21	31-Oct-21	Expired - Interested Parties are encouraged to watch SaskTenders.ca for the next Public opportunity to join this list.	The City is seeking to create a vendor roster of experienced suppliers interested in providing alley maintenance tree pruning services, including firm pricing, for the 2021 alley maintenance tree pruning program, on an "as, if, and when" required basis to support the Roadways Capital Operations branch. Currently an annual roster. Will be posted again in 2022.
COR5673 - 2021/ 2022 Winter Maintenance -Supplemental Suppliers	15-Oct-21	31-Apr-22	Open Framework Roster. Interested Parties may apply to join the list by contacting procurement@regina.ca	The City is seeking experienced suppliers interested in providing winter road maintenance equipment with operators to assist with the snow removal, on an "as, if, and when" required basis to support winter maintenance operations during adverse weather conditions during the 2021/2022 winter season. The requirement of equipment with operators may be between October 15, 2021 to April 30, 2022. Equipment and operators will be called out on an "as required, if required" basis. There is no minimum or guaranteed number of hours available.
