How To Use the Guide: Knowing Your Housing Options

This guide will help older adults and their families learn about housing options in Regina. A description of the needs and associated terms has been provided to help older adults and families to identify the best housing options based on the level of need. The list of housing is divided into the categories used by the province.

To start:

1. The Levels of Care Chart on page 3 describes the varying levels of care (from Level 1 to Level 4) and can be used to identify where you or your family member may fit.
 2. Answer the 3 questions in the Navigating Through your Housing Options Flowchart on page 4. This will help to identify the type of housing options that may fit your needs.
 3. Use the above categories to identify the appropriate services and housing.
