A. Program Intent

Purpose

- 1 The City Centre Incentive Program is intended to provide financial incentives to encourage private investment towards economic growth, fostering vibrancy and infill in priority areas within the City Centre.
- 2 Objectives of the City Centre Incentive Program are to:
 - (a) stimulate building activity and help improve existing buildings with aesthetic improvements to attract new businesses to vacant spaces,
 - (b) encourage diversification of land uses,
 - (c) introduce new features and amenities that create interest and vibrancy, helping bring more people to the established areas of the city to live, work, invest and visit, and
 - (d) catalyze future private commercial investment in the City Centre.

Scope

- 3 This guideline applies to commercial development projects on existing buildings within the City Centre.

Guiding Principles

- 4 As part of the overall program eligibility, projects that meet the objectives intended under each stream will be prioritized based on the scorecard evaluation. The objectives and key scorecard principles for each stream are as follows:

Storefront Improvements (SFI) Stream

Objectives

- Encourage private investment in building façades and storefronts to improve the quality of the public realm.
- Assist property owners with attracting business tenants and visitors.

Scorecard Principles

Placemaking	<ul style="list-style-type: none">• Enhance the pedestrian experience with people-focused design features• Create a visually appealing, interactive & engaging space• Promote year-round use, function and design
Safety, Transparency & Accessibility	<ul style="list-style-type: none">• Encourage changes that allow properties to be universally accessible• Promote "eyes on the street" and a sense of safety• Enhance transparency of business operations through exterior design
Quality Design	<ul style="list-style-type: none">• Ensure that proposed designs consider community context• Incorporate best practices in urban design• Encourage participation of qualified professionals to help lead the process

Tenant Fit-up Stream Objective

Objectives:

- Encourage reactivation of vacant buildings and units.
- Assist with the conversion of existing floor space to other land uses to attract new tenants.
- Support capital costs for new businesses, arts and culture organizations and unique ventures to update existing buildings and spaces to meet their needs.

Scorecard Principles

Land Use	<ul style="list-style-type: none">• Diversify land uses within the City Centre• Increase land uses that have the potential to attract a wide range of audiences and activities and foster overall vibrancy
Business Function	<ul style="list-style-type: none">• Encourage active land uses to be located where accessible to the general public at or near street level• Support new ventures that provide in-house spaces or services that encourage people to "stay and play"• Promote business activity that will be available beyond typical work week hours
Quality Design	<ul style="list-style-type: none">• Encourage participation of qualified professionals to help lead the process• Encourage interior unit design that provides additional amenities for a broad range of users and needs

B. Glossary of Terms

5 The following definitions apply to this program:

- (a) **Actual eligible costs** mean the total value of actual eligible project costs incurred by an applicant based on invoices and other documentation submitted by an applicant after the completion of a project.
- (b) **Applicant** means the property owner, a tenant or a designate with consent by the property owner, applying for incentive(s) and incurring the actual eligible cost of the project.
- (c) **Branch Manager** means the manager of the branch primarily responsible for administration of this program or their designate.
- (d) **Building permit** means a permit issued under The Building Bylaw of the City of Regina authorizing the construction of proposed work.
- (e) **City** means the City of Regina.
- (f) **City Centre** means the area contained within the City Center Boundary as depicted in Appendix A
- (g) **Commercial** means all land uses excluding dwelling land use classes as defined by the *Zoning Bylaw*.
- (h) **Director** means the director of the department primarily responsible for administration of this program, or their designate
- (i) **Deputy City Manager** means the Deputy City Manager of the City Planning & Community Development Division, or their designate.
- (j) **Development** means a development within the meaning of *The Planning and Development Act, 2007*.
- (k) **Development permit** means a permit issued pursuant to by *The Regina Zoning Bylaw, 2019 (Zoning Bylaw)* authorizing a development.
- (l) **Estimated eligible costs** mean the value of the total estimated eligible costs submitted by an applicant in an incentive application under this program.
- (m) **Funding commitment** means a written commitment by the City to the applicant to provide a grant upon completion of a project. The funding commitment may prescribe eligible costs and scope of work being incentivized, requirements for fulfillment of the terms and condition of the application and any other applicable agreements.
- (n) **Permit completion notice** means a written confirmation such as a final occupancy permit or notice of completion from the City of Regina that all work required under a valid permit has been completed.
- (o) **Priority funding area** means the area designated by the City of Regina as depicted in Appendix B
- (p) **Principal building** means “building, Principal” as defined by the *Zoning Bylaw*.

- (q) **Program area** means the area designated by City Council to which this policy applies as depicted in Appendix A.
- (r) **Project** means the work being undertaken on a private property that is eligible under this program.
- (s) **Project cost** means fees and costs including taxes limited to the following:
 - i. Design/Engineering fees by a qualified professional for the proposed work. Invoices dated within 6 months prior to the date of application will be accepted.
 - ii. Construction cost limited to materials and labour for the work described under each stream. Where the project is completed independently without a contractor, only the cost of materials are eligible.
- (t) **Property owner** means the registered owner(s) of a property or unit as indicated on the land title for the parcel in the Information Services Corporation (ISC) Land Titles Registry, or their designate.
- (u) **Qualified Professional** means an architect, engineer, journey person (Red Seal), technician, or someone with experience or training in the design and construction industry as deemed appropriate by the City.
- (v) **Residential** means all dwelling land use classes as defined by the *Zoning Bylaw*.
- (w) **Residential business** means an accessory land use conducted in a residential unit by the resident of the unit or building for monetary gain and typically require a Residential Business License.
- (x) **Storefront improvements** mean aesthetic private property improvements to the facade of an existing building or property interfacing the street or sidewalk. Typically, in support of access to existing storefront or similar businesses. Excludes portions of property oriented to the rear or alleyway. The Branch Manager may provide flexibility on a case-by-case basis.
- (y) **Tenant** means an individual or entity occupying a space within an existing building rented from the property owner for a specified period for a prescribed use, as identified with a lease agreement or similar documentation.
- (z) **Tenant Fit-up** means fit out work or improvements to a unit/space within an existing principal building intended for a new tenant.

C. Incentive Program Types

- 6 Subject to the requirements of this guideline, eligible projects located within the City Centre may be eligible for the following:

Incentive Stream:	Store Front Improvements	Tenant Fit-up
Offering:	Grant covering up to 50% of eligible project cost upon project completion to the lessor of: <ul style="list-style-type: none">- Estimated eligible project costs, or- Actual eligible project cost	Grant covering up to 50% of eligible cost upon project completion to the lessor of: <ul style="list-style-type: none">- Estimated eligible project costs, or- Actual eligible project cost
Funding Cap:	Maximum of \$50,000 per project	Maximum of \$50,000 per project
Target Audience:	Property Owner or tenant financing the cost of the improvement in support of a business or activity.	A Property owner or a new tenant financing the cost of a new tenant fit up for a new business or activity.

D. Eligibility

General Eligibility Requirements

The following eligibility criteria apply to all applications under this program. Additional eligibility requirements are identified for specific capital grants under *Incentive Specific Eligible Requirements*

- 7 A property with an existing principal building may be eligible for a grant incentive if it meets the following requirements:
 - (a) The property must be in the City Centre Boundary as shown in Appendix A.
 - (b) The project must incur a minimum of \$5,000 in total eligible project costs.
 - (c) The proposed project(s) have met the minimum 30 scorecard points per stream.
 - (d) The property must contain a principal building constructed at least 5 years prior to date of application.
 - (e) The project is within the first two floors of a building or property interfacing a sidewalk or street frontage. Properties with unique circumstances are subject to City approval.
 - (f) Construction work for the proposed project must have not started prior to the effective date of the intake period. Projects with unique circumstances are subject to City approval.
- 8 Priority will be given to new applicants with projects located within the priority funding area based on scorecard points. Remaining funds will be allocated to new applicants with projects based on scorecard points within the rest of the City Centre Boundary. Returning applicants, projects or properties that previously received funding will be allocated remaining available funds based on scorecard points.

Incentive Specific Eligibility Requirements

Storefront Improvements Stream

- 9 The Storefront Improvement stream is intended to support associated project costs for exterior aesthetic work related to:
 - (a) Refinishing of building frontages with mix of new materials.
 - (b) Redesign of the façade to improve visual appeal.
 - (c) Privately funded professionally installed artwork, playscape and permanent outdoor features on private property that interfaces the sidewalk or street frontage.
 - (d) Installation of new on-site permanent business name signage permanently affixed to the wall or privately owned parcel of land.
 - (e) Installation of accessibility features to improve access and entry to the building.
 - (f) Relocation, addition and enlargement of existing openings along frontage and side interfacing the sidewalk or street.
 - (g) Long-lasting landscaping on private property including tree planting, shrubs, soil, grass, statuary, rain gardens, perennial vegetation.
 - (h) Permanent electrified lighting affixed to the building or on site that is ornamental and intended to enhance visibility between the public and private realm.
- 10 The proposed project must be for new or existing commercial land use located within the building.
- 11 Projects that have received previous municipal incentives for exterior property improvements are eligible provided the proposed work has not been previously incentivized.

Tenant Fit-up Stream

- 12 The Tenant Fit-up stream is intended to support associated project costs for interior unit work related to:
- (a) Alterations to change the layout within the unit.
 - (b) Aesthetic renovation of the unit, including walls, floors, ceiling, decorative hardware and lighting fixtures.
 - (c) Upgrades to the interior of a unit to meet zoning, fire, health and safety or building code, as part of a change in occupancy or use.
- 13 Applications received for the Tenant Fit-up stream are only available for the establishment of a new tenant within the existing principal building, not for alteration or expansion of an existing business. A lease agreement or letter of intent to lease for a minimum of two years would need to be provided at time of application.

Ineligible:

- 14 The following are not eligible under this program:
- (a) Legal fees, leasing fees, permit fees, insurance, gas, tools, consumables, cell phone fees and other incidental costs.
 - (b) Utility cut off or registration fees.
 - (c) Purchase of appliances, security systems, security or flood lighting, cameras, electronic devices and systems.
 - (d) Items that have value independent of the renovation, such as construction equipment and/or tools.
 - (e) Any financing costs (e.g., interest payments) associated with the proposed work(s).
 - (f) Construction contingencies.
 - (g) Cost to Purchase land/building/structures.
 - (h) Associated costs for of any part of the building, property, unit or system related to:
 - i. routine inspections,
 - ii. repair & maintenance,
 - iii. replacement of like for like (e.g., replacement of existing windows with new windows), and
 - iv. upgrade, replacement or repair of any structural, plumbing/sewer, mechanical, material or technological item, located on the interior or exterior of the property due to end of life.
 - (i) Reducing transparency through:
 - i. removing storefront windows or filling with glass or opaque blocks,
 - ii. Mirrored, frosted or tinted windows or doors,
 - iii. windows or doors with vinyl wraps, advertisements,
 - iv. Window or door security grills/bars, guards or similar in nature, and
 - v. other obstructions and/or visual clutter deemed ineligible by the City.
 - (j) Digital screens, flashing signage, decals, billboards, portable signs.
 - (k) Radically altering the design of a building that is on the heritage inventory or is a designated heritage property.
 - (l) Removing ramps, curb cuts or other accessibility features.
 - (m) Fencing or similar structures.
 - (n) Parking lot or pavement resurfacing, replacement or repair.
 - (o) Projects or land uses that are temporary in nature (i.e. Pop ups, Carts, Kiosks).
 - (p) Projects consisting only of the development of a “Dwelling”, “Accessory”, “Transportation”, “Storage”, “Utility”, or “Wholesale” and defined in the *Zoning Bylaw*.

- (q) Projects for the establishment of residential businesses.
- (r) Furnishings.
- (s) Property that is owned and/or projects led by governmental entities or agencies (i.e. municipal, federal, provincial).
- (t) Properties that is currently eligible and/or receiving incentives under the City Centre Vacant Lot Redevelopment Tax Exemption Policy.
- (u) Project cost for work that has already been completed or received notice of completion prior to the intake date.
- (v) Property owner(s), tenants and properties:
 - i. with outstanding taxes, utilities, parking or other charges owing and past due to the City,
 - ii. subject to any current orders issued against them,
 - iii. in active litigation against the City, or
 - iv. projects that have been completed or partially completed without proper permits or approvals.

15 The City may require any parties identified within the application to provide additional information deemed necessary to confirm eligibility for incentives. A deadline to provide the required information will be provided and failure to submit the required information by the deadline may result in eligibility being revoked.
