

## **Dewdney Avenue Corridor Rehabilitation | Pre-Construction Survey**

It is important that the Dewdney Avenue Corridor Rehabilitation minimize impacts to affected businesses during construction. We want to ensure that we understand your business operations needs during construction, and therefore we ask that you provide us with your input that will be incorporated into the Construction Traffic Accommodation Plan.

	Questions
Daily Business Operations	
Days of Operation	
Hours of Operation	
Peak Business Hours for Customers/Visitors	
What is your biggest concern with the reconstruction of the Dewdney Avenue Corridor?	
People Access	
How many accesses / doors do you have?	

Where are they located?	
Who are they for (customers/employee)?	
Please let us know of any other "people access" considerations that we should be aware of for the construction period.	
Transportation	
Where do you and your staff currently park?	
Generally, where do patrons of your business currently park?	
Do patrons arrive by transit or other modes of transportation (bicycle, rideshare, walking)?	
Do you have a pick-up or drop-off area?	
Please let us know of any other "transportation" considerations that we should be aware of for the construction period.	

Delivery & Pick-up	
Where are deliveries made?	
Do you have set times/days/frequency? Please provide details.	
Can deliveries/pick-ups be adjusted at all? If so, how many days' notice do you need?	
Please let us know of any other "delivery & pick-up" considerations that we should be aware of for the construction period.	
Recycle & Waste Pick-up	
Is your service private or City pick up? Where is it located?	
Do you have set times/days/frequency? Please describe.	
Can the schedule be adjusted at all? If so, how many days' notice do you need?	

Please let us know of any other "recycle & waste pick-up" considerations that we should be aware of for the construction period.	
Water & Sanitary	
What is the impact for water and sanitary being temporarily turned off for a day?	
How many days' notice would you typically need for a disruption in service?	
Please let us know of any other "water & sanitary" considerations that we should be aware of for the construction period.	
Special Needs	
Are there any special needs we need to consider for customers or employees that use mobility devices (e.g., wheelchairs, walkers, strollers, etc.)?	

Other Concerns or Opportunities	
Are there any other concerns or opportunities we should note?
