DETERMINING NEW ADDRESSES

1. Street name approved and reserved.

2. Addresses conform to a grid. Numbering corresponds to blocks on major roadways: Albert St, Victoria Ave and Dewdney Ave.

3. “Zero point” axis where 5th Ave N. and McAra St would intersect. Addresses north of this line are assigned “North”; addresses east of MacAra St are assigned “East”.

4. Addresses on north and west side of street are assigned even numbers. Addresses on south and east side of street are assigned odd numbers.
