NATIONAL ENERGY CODE FOR BUILDINGS PROJECT SUMMARY

This document outlines project compliance with National Energy Code for Building (NECB). The project summary, including NECB contact information, and the compliance report for the chosen path are to be submitted as part of the building and development permit application for new buildings and additions that require NECB compliance. See NECB Compliance Handout for application to buildings and Framework Guide (or Phased Building Energy Framework Guide) for submission requirements.

Project Information						
Project Address:	Application Number (Office use only)					
Coordinating NECB Design Professional Information (The coordinating NECB design professional will be responsible for coordinating the design work associated with energy compliance and the building and development permit process. The coordinating NECB Design Professional is required to sign the project summary and the associated compliance report).						
Name:						
Registered Business Name:						
Address:						
Address: Unit Number Street City Email:	Province Postal Code Phone/Cell # :					
Basic Building Information						
Building use:						
-	ddition ☐ Tenant Fit - Out					
If addition, NECB compliance for: ☐ Addition only ☐ Ad	dition & existing					
Building information: ☐ Heated ☐ Se	emi – heated					
Vestibule: ☐ Yes ☐ No)					
Fill out the following details, if applicable:						
Building foot print area (m²)	Semi-heated space (m²)					
Area of addition (m²) Conditioned space (m²)	Unconditioned space (m²) FDWR (%)					
*Note: The prescriptive path for Part 3 is not permitted if FDWR exceeds 29.3% in a heated building or						
35.3% in a semi-heated building for Regina.						
Climate Zone for Regina: 7A (HDD below 18°C): 5600 (HDD below 15°C): 4700						
Compliance Path Summary						
Please indicate the compliance path for each Part below. The chosen compliance path requires the associated reports to be completed and submitted.						
Only one means of compliance is possible per Part. Performance shall conform to Part 8 of the NECB.						
	riptive or Trade-Off or Performance					
	riptive or □ Trade-Off or □ Performance riptive or □ Trade-Off or □ Performance					
Systems:						
	riptive or □ Trade-Off or □ Performance riptive or □ Performance					
Part 8: Performance Energy Model: Performance Only Performance O						
Drawing requirements are detailed on the NECB Drawing Requirement Handout.						
Declaration
