BACKGROUND

Administration is working with consultants on the design of both the outdoor gathering space and indoor children's spray area that will be located at the new indoor aquatic facility. As part of this process, Administration has engaged with a disability reference group, which represents individuals with lived experience as well as agencies that support individuals with disabilities. The disability reference group is supportive of the current design for both spaces. Prior to finalizing these designs, Administration would like feedback from the Accessibility Advisory Committee.

DISCUSSION

Administration will be sharing a brief presentation on the proposed outdoor gathering space and indoor children's spray area that will be located at the new indoor aquatic facility.
