Your new Water & Waste Bill is coming!

What’s changing in 2024?

**NEW Waste Charge**
As of January 1, this charge will cover the full cost of collection and processing or disposal of garbage, recycling, food and yard waste, including supporting education programs.

**Water Charge**
A 4% water rate increase was approved in December 2022 to maintain the utility and fund the renewal of the Buffalo Pound Water Treatment Plant.

**Fresh look**
The new bill is easier to read with water use information to help customers manage and conserve water.
An average customer will see an increase of $15.12 per month between their water utility rate and waste services.

Water and waste rebates are available for eligible low-income households with seniors or persons living with a disability. Visit Regina.ca/affordability for details and to apply.

You may be able to reduce your waste charge, visit Regina.ca/cartswap to request a cart size exchange.
