Roads

Dewdney Avenue Corridor Revitalization

An integral component of the approved Yards Neighbourhood Plan, the Dewdney Avenue Corridor Revitalization Project is a two-year major construction project between Albert Street and Broad Street. Please visit [Regina.ca/dewdney](https://regina.ca/dewdney) for further details on this major project.

- Upgrade of underground watermains, wastewater sewers and stormwater sewers to meet the servicing needs of Yards neighbourhood and surrounding areas.
- Upgrade of surface works within the corridor, including sidewalks, curbs, gutters, medians, pavement structure, traffic signals, transit stops, street lighting and trees.

Road Renewal – Full or selected sidewalk, curb and gutter replacement, followed by paving.

- 14th Avenue – Vaughn Street to Froom Crescent
- Abbott Road – College Avenue to Harvey Street End
- Dixon Crescent – Arcola Avenue to Froom Crescent

Water

Water Network Expansion Project

Construction of a new water pumping station, two water storage reservoirs and an 8.4 kilometre water supply main. These new facilities will ensure the City's water network can support population growth up to 310,000 and be expanded in the future to accommodate 500,000.

- Pumping Station & Reservoirs – 2605 E Redbear Avenue
- Water Supply Main
 - Ring Road (Pasqua Street North to North Storm Channel)
 - North Storm Channel (Ring Road to Fleet Street)
 - Fleet Street (North Storm Channel to Redbear Avenue)
- Please visit [Regina.ca/waterexpansion](https://regina.ca/waterexpansion) for further details on this major project.

Watermain Renewal

- Halifax Street – Victoria Avenue to 12th Avenue
- Francis Street – 20th Avenue to Douglas Avenue
- Ottawa Street – Victoria Avenue to 12th Avenue
- Quebec Street – College Avenue to 14th Avenue
