Ward 6

2023 Construction Projects

Roads

These projects improve the quality of the road network. Through comprehensive assessments of the road structure, sidewalks, curbs and gutters, projects to improve the overall health of the road network are identified and implemented. Various programs are in place to ensure all types of roads are considered by focusing on both residential roads and more major roads (arterial and collectors).

For efficiency, road work is planned in collaboration with water, wastewater and drainage projects in order to integrate infrastructure improvements.

In 2023, the City plans to renew 25.8 km of roads.

Road Renewal – Full or selected sidewalk, curb and gutter replacement, followed by paving.

- Albert Street – 7th Avenue to 3rd Avenue
- Arcola Avenue – Winnipeg Street to Victoria Avenue
- Broadway Avenue – Park Street to Portland Crescent
- Central Street – 18th Avenue to Broadway Avenue
- Dominion Road – Portland Crescent to Broadway Avenue
- McDonald Street – Henderson Drive (South Leg) to 9th Avenue North
- Portland Crescent – Lacon Street to Broadway Avenue
- Winnipeg Street – 8th Avenue to 4th Avenue

Road Rebuild – Road structure renewal with or without underground infrastructure improvements, followed by full sidewalk, curb and gutter replacement, and followed paving.

- Dewdney Avenue Corridor Renewal Project

Maintenance Pave – Road surface treatment for smoother safer roads for drivers and cyclists.

- Cornwall Street – Dewdney Avenue to 5th Avenue
- Dewdney Avenue – Broad Street to Ottawa Street
- Elliot Street – 11th Avenue to Dewdney Avenue
- Francis Street – Park Avenue to 10th Avenue
- Mackay Street – 12th Avenue to 10th Avenue
• McAra Street – Victoria Avenue to Dewdney Avenue
• McDonald Street – 12th Avenue to Dewdney Avenue
• Ottawa Street – 12th Avenue to Saskatchewan Drive
• Park Avenue – Park Avenue End to Francis Street
• Rose Street – Dewdney Avenue to 5th Avenue
• Scarth Street – Dewdney Avenue to 4th Avenue
• Toronto Street – 8th Avenue to 6th Avenue

Traffic

These projects ensure continued safe movement of vehicles and pedestrians through Regina. Traffic infrastructure improvements include installing and upgrading traffic and pedestrian signals and increasing traffic capacity at intersections. This work is driven by studies, analysis and warrants, and growth predictions.

Signal Rehabilitation
• Albert Street and 5th Avenue
• Albert Street and 7th Avenue
• Albert Street and 8th Avenue
• Park Street and McDonald Street
• Park Street and Ross Avenue

Pedestrian Safety Enhancements
• Dewdney Avenue East and Bond Street

Expressway Lighting
• Ring Road – Assiniboine Avenue to Arcola Avenue

Pedestrian Connectivity and Active Transportation

These projects focus on connecting existing transit routes, multi-use pathways and schools. Investment in assets including pathways, on-street cycling and pedestrian connectivity supports the ability of residents to shift from single occupancy vehicles to active or public transportation modes.

On-Street Cycling and Multi-use Pathways
• 13th Avenue – Toronto Street to Montreal Street

Water

These projects help maintain and improve the water system to ensure safe, clean drinking water throughout our community. In addition to stand-alone water construction projects, water system improvements are completed in conjunction with road construction. The technology used is determined based on best value. Technologies
can include low-dig methods, such as relining and directional drilling, or open trench construction.

In 2023, the City plans to reline 5.1 km of watermains, replace 4.8 km of watermains, replace 117 poly B service connections and replace 220 City-side lead service connections.

**Watermain Renewal**
- 6th Avenue – Cornwall Street to Broad Street
- 20th Avenue – McDonald Street to Francis Street
- Halifax Street – 12th Avenue to 14th Avenue
- Lacon Street – 12th Avenue to 10th Avenue
- Lindsay Street – 7th Avenue to 4th Avenue
- Montreal Street – 13th Avenue to 1842 Montreal Street
- Neill Place – 20th Avenue to Neill Place End

**Lead Connection Replacements**
- 18th Avenue – Winnipeg Street to Broder Street
- Arcola Avenue – Winnipeg Street to Victoria Avenue
- Central Street – 18th Avenue/Harvey Street to Broadway Avenue
- Cornwall Street – Dewdney Avenue to 6th Avenue
- Dewdney Avenue – Broad Street to Ottawa Street
- Elliot Street – 11th Avenue to Dewdney Avenue
- Halifax Street – 11th Avenue to 14th Avenue
- Montreal Street – 13th Avenue to 1842 Montreal Street
- Ottawa Street – 12th Avenue to Saskatchewan Drive
- Rose Street – Dewdney Avenue to 7th Avenue
- Rose Street – 6th Avenue to 5th Avenue
- Saskatchewan Drive – Broad Street to Winnipeg Street
- Scarth Street – Dewdney Avenue to 4th Avenue
- Winnipeg Street – 8th Avenue to 4th Avenue

**Eastern Pressure Zone Solution**
New servicing for development in the East and Northeast of the City.
- Please refer to the council map for locations

**Wastewater & Drainage**

These projects renew and extend the life of our aging domestic and storm sewer infrastructure. The City uses a cleaning and inspection method to determine the condition of the underground infrastructure. Depending on the condition assessment, either relining or replacement techniques are selected. Sewer relining is a less invasive, more cost-effective, and efficient method than the traditional method of excavating and replacing the pipe (about one third the cost of full replacement). These processes renew the City’s pipes for another 50 plus years of service.
In 2023, the City plans to renew 11.0 km of domestic sewer and clean and inspect 110 km of domestic sewer and 20 km of storm sewer.

**Northeast Neighbourhood Drainage Improvement**
Upgrades to water, wastewater, drainage infrastructure and roads to improve drainage.
- 1st Avenue – Broad Street to Toronto Street
- 1st Avenue and North Storm Channel

**Facilities**
These are projects to maintain the integrity of City facilities to ensure programs and services can continue to be delivered. Projects include roof replacements and structural, architectural, mechanical, electrical and code or safety improvements.

**Facilities Upgrades and Construction**
- 1483 6th Avenue – New Salt and Sand Storage Facility
- 1157 Albert Street – Building D Roof/Wall Repairs
- 1654 11th Avenue – Old #1 Firehall Foundation
- 500 Prince of Wales Drive N – Fleet Training Site Development
- 615 6th Avenue – Eastview Community Centre Renovations

**Parks, Open Space and Recreation**
These projects enhance the quality of life in Regina by improving access to and quality of recreational infrastructure and ensuring open spaces are in a safe and useable condition. This is achieved through improvements to existing infrastructure and beautification initiatives.

**Tree Planting**
- 15th Avenue & Lindsay Street – Tree Replacement at Gocki Park
- Park Street – Victoria Avenue to Dewdney Avenue median tree planting and landscaping restoration

**External Partners’ Projects**
These projects originate from external partner organizations. The City works with external organizations to ensure both their construction plans and the City’s are scheduled and coordinated together.

- SaskPower Duct Bank Renewal Project – please refer to the council map for locations
Note - All project timelines are pending weather or other unforeseen circumstances. Some projects may have their scope modified or work deferred until later in 2023 or into 2024 if materials are delayed or the work cannot be completed to the satisfaction of the City of Regina.
