Ward 9

2023 Construction Projects

Roads

These projects improve the quality of the road network. Through comprehensive assessments of the road structure, sidewalks, curbs and gutters, projects to improve the overall health of the road network are identified and implemented. Various programs are in place to ensure all types of roads are considered by focusing on both residential roads and more major roads (arterial and collectors).

For efficiency, road work is planned in collaboration with water, wastewater, and drainage projects in order to integrate infrastructure improvements.

In 2023, the City plans to renew 25.8 km of roads.

Road Rebuild – New, widened paved road construction.
  • Pinkie Road Improvement Project

Road Renewal – Full or selected sidewalk, curb and gutter replacement, followed by paving.
  • Bard Crescent – Lansdowne Drive/Maier Bay to Lansdowne Drive/Morris Crescent
  • Samuels Crescent – Lansdowne Drive/Morris Crescent to Lansdowne Drive/Cohen Bay

Bridge Infrastructure Renewal
  • Pinkie Road Bridge over Wascana Creek

Water

These projects help maintain and improve the water system to ensure safe, clean drinking water throughout our community. In addition to stand-alone water construction projects, water system improvements are completed in conjunction with road construction. The technology used is determined based on best value. Technologies can include low-dig methods, such as relining and directional drilling, or open trench construction.
In 2023, the City plans to reline 5.1 km of water mains, replace 4.8 km of water mains, replace 117 poly B service connections and replace 220 City-side lead service connections.

**Watermain Renewal**
- Morris Crescent – Lansdowne Drive North to Lansdowne Drive South

**Parks, Open Space and Recreation**

These projects enhance the quality of life in Regina by improving access to and quality of recreational infrastructure and ensuring open spaces are in a safe and useable condition. This is achieved through improvements to existing infrastructure and beautification initiatives.

**Facilities Upgrades and Construction**
- 1127 N Arnason Street – Spray toys added to the Northwest Leisure Centre spray pad

Note - All project timelines are pending weather or other unforeseen circumstances. Some projects may have their scope modified or work deferred until later in 2023 or into 2024 if materials are delayed or the work cannot be completed to the satisfaction of the City of Regina.
