

The City of Regina (City) is reviewing a proposed amendment to the Towns Concept Plan, as well as an associated rezoning application. Concept plans illustrate the location of streets, land-use, open space and servicing networks for proposed new neighbourhoods and employment areas and are used by the City to guide rezoning, subdivision and development.

The Towns Concept Plan supports a new neighbourhood development and was approved by City Council in 2016. The intent of the proposed amendment is to accommodate a proposed commercial and residential development at the intersection of **Woodland Grove Drive and Buckingham Drive** (see map). An amendment is required, as the Towns Concept Plan currently supports residential, only, at this location.

The public is invited to attend an open house to review and comment on the proposed development. This open house will be a "come-and-go" event (arrive and leave at your leisure). City staff and representatives of the developer will be present to answer any questions you may have.

Date: Wednesday, July 11, 2018
Come and Go From: 5 p.m. - 8 p.m.
Location: Arcola East Community Centre
3860 Buckingham Drive East
